

# Brainstorm & Idea Prioritization

| Field         | Details                                                                 |
|---------------|-------------------------------------------------------------------------|
| Date          | 02 July 2026                                                            |
| Team ID       | Individual Project                                                      |
| Project Name  | Heritage Treasures: An In-Depth Analysis of UNESCO World Heritage Sites |
| Maximum Marks | 4 Marks                                                                 |

## BRAINSTORMING

Project: Heritage Treasures: An In-Depth Analysis of UNESCO World Heritage Sites

**Final Idea:** Build an interactive Tableau dashboard and story embedded in a Flask web portal to explore, analyze and visualize UNESCO World Heritage Sites data in an effective and engaging way.
